## SUPERINTENDENT'S REPORT

---

*To the School Board and Citizens of South Hampton:*

I am privileged to submit this annual report, the third in the series.

### The School and Democracy

"The free common school is America's greatest gift to Humanity. It belongs to the heritage of intelligent and responsible citizenship established by our pioneering forefathers. It is necessary to the success of our Republic. The school is the surest guarantee of our personal rights. It is the safeguard of our political liberties. It is the bulwark of our representative institutions. The school seeks to enrich and ennoble home life. It develops the skills needed in agriculture and industry. It helps to awaken ambition and to establish character. It emphasizes responsibility to the common good and the general welfare. Because we believe in ourselves, in democracy, and in the future, we seek through the schools to improve the quality of our lives."

### Teachers

I am ever mindful of the excellent work which a faithful, trained group of teachers is able to accomplish. They have shown evidence of energy and efficiency in school procedures which is of great importance to the affairs of this world, namely in the education of the great masses. We understand the great trials and tribulations with which they are confronted. No one appreciates more than I the service they are able to render in the solution of the problems so many differing personalities offer to them.

You will note that the same efficient corps of teachers remains in your schools. Their retention speaks volumes in appreciations.

### Educational Progress

The progress of your pupils may be illustrated by these results taken from the May 1935 tests.

	<i>Reached or bettered the grade</i>	<i>Below Grade</i>
Grade I	3	0
Grade II	5	0
Grade III	2	0
Grade IV	4	0
Grade V	4	0
Grade VI	4	1
Grade VII	2	2
Grade VIII	5	0

This table illustrates a most satisfactory condition, namely the small percentage of pupils below grade. It is a happy factor and one, I assure you, which I wish prevailed in all the other towns of this Union. But alas, that is not to be. However this does not detract one iota from the satisfaction you must feel that your pupils succeed so well under such able instruction.

### Per Pupil Costs, 1934-35

District	Average No. Ele- mentary Pupils	Per Pupil Cost	State Aid Per Pupil	1934-35 Net to District	1933-34 Net	1932 and 1933
Brentwood.....	\$97.60	\$56.87	\$21.65	\$35.22	\$38.57	\$38.33
Danville.....	68.30	62.26	24.52	37.74	37.25	39.16
East Kingston.....	49.03	82.11	19.42	62.69	82.55	84.73
Epping.....	313.90	46.39	18.30	28.09	30.77	34.12
Fremont.....	109.22	52.54	11.59	40.95	34.34	51.14
Kingston.....	135.32	66.92	19.32	47.60	45.00	48.16
Sandown.....	40.03	80.86	36.20	44.66	36.81	44.86
South Hampton.....	32.55	95.07	31.94	63.13	65.24	82.56
State Median.....		76.97				

The above shows clearly just how valuable to you is the State Aid. If you were called upon to shoulder the whole burden of the cost, reference to the second column gives you the total, while the third column shows the State Aid and the fourth the net to you. The fifth and sixth columns are included only for comparative purposes.

### Distribution of the 1934-35 School Dollar

The following table shows just what proportions of each dollar available for school purposes was used for the separate items:

Administration:	
Include Supt. Excess, Officers' Salaries and Expenses.....	.050
Instruction:	
Include Teachers' Salaries and supplies and textbooks.....	.481
Operation and Maintenances:	
Include Fuel, Janitors, Lights, repairs.....	.093
Auxiliary Agencies:	
Include Nurse, Transportation, Tuitions.....	.357
Fixed Charges:	
Include Per Capita Tax, Insurance.....	.018
Outlay for Plant or Equipment:	
Include Major repairs, New Equipment.....	.000

As the major share of the amount listed opposite Auxiliary Agencies is for the payment of high school tuition—based upon the instructional expense of the high school—it is readily seen that Instruction takes up nearly 75% of the total expenditures.

### The School Plant

Indeed fortunate you are in that you have a building furnished without expense to the district for maintenance. Appreciation to the Trustees of the Barnard School might not be out of place. I know I must speak the minds of the School Board and citizens as I express gratitude for the use of their building. The donor surely was a man of keen foresight to see the needs of the people of the town in this respect. To give and endow a school is one of the noblest gifts one can confer upon any community.

### Schools of Today

Whatever may be wrong with this country the public schools cannot be charged with the whole responsibility for it. Yet we are well aware of the many criticisms that are directed at them. We are quite sure that errors are evident yet we strive to reduce these to the lowest minimum. We believe that education of today is a sane procedure to help the individual realize on his possibilities. We aim to develop character, to impress neighborliness and duty, to improve social responsibility, and to prepare youth for the life they must live whether they desire to or not. We must not allow our schools to become outmoded. We must be progressive to meet the changing conditions the same as industry has to or is forced to by circumstances beyond its control. The schools must go on.

I would not be unmindful of the generous support given me by the corps of teachers, the helpful advice of a faithful Board, and the loyalty of an active citizenry. To all I express my gratitude.

Very respectfully,

HAROLD C. BOWLEY,

January 31, 1936.
